

JULY '18 FEATURED...

BAD SEES OCEANS: OUR BLUE PLANET

WHEN

Saturday, 08/11/18, 12p

WHERE

**Houston Museum/Natural Science
5800 Caroline St, 77030**

COST

~\$8.50/pp + parking (\$5-\$20)

ABOUT THE SHOW:

Oceans: Our Blue Planet takes us on a global odyssey to discover the largest and least explored habitat on earth. New ocean science and technology has allowed us to go further into the unknown than we ever thought possible. From the coastal shallows to deeper, more mysterious worlds, we reveal the untold stories of the oceans' most astonishing creatures.

HMNS is located in Hermann Park across the street from Miller Outdoor Theater with close proximity to Highways 59, 288 and the 610 Loop.

Lunch or Brunch Options to be Discussed!

Treasurer@BayAreaDivers.org

SAVE THE DATES!

MONTHLY MEETINGS 7PM SOCIAL, 7:30 MTG

Last Wednesday, Jan - Nov

Starting in June...

General Mtgs @ Rudy's BBQ

Board Mtgs @ Spring Creek BBQ

GUEST SPEAKER

Our **July** Guest Speaker is Aiar (pronounced Ayar) Ghelber, who is a part owner of the Gulf Coast Scuba Dive Center.

He first scuba dove (or dived) when he was 8 in Eilat in the Red Sea; and was lucky enough to get certified as an open water on his 12th birthday.

He then became a Dive master with CMAS when he was 16 and has since been a very active diver.

His first exposure to a rebreathers was a simple military style at 19 years old. Since then, he has been teaching scuba for almost 14 years and rebreathers for about 9. "I love rebreathers for their technical and the recreational aspect of diving."
