Carnival Jubilee Booking Details continued...

Guests have the option of booking using the Group Rate, as indicated above. As also mentioned, this requires a \$250.00 deposit per person and is refundable up until final payment date.

For guests wanting a lower deposit, the current Early Saver Rate can be booked within the group.

The reduced deposit varies depending on current promotion.

This is a non-refundable deposit.

Booking using the current Early Saver Rate offers the option of booking any available cabin category, not limited to cabin types listed above.

Using the Early Saver Rate, you can choose between 18 Balcony categories, 12 Interior Categories, 3 Ocean View categories, as well as specialty cabins and suites.

Current Early Saver Rate for Ocean View:

\$2,031.30 (\$1,015.65 per person)

This quote is not included in the previous quotes because they are not allowing Ocean Views to be held into group space. This can be booked if booking with the Early Saver Rate.

While both ships are wonderful, I would recommend Carnival Jubilee over Royal Caribbean's Jewel of the Seas for a few reasons.

Jubilee will be Carnival's newest ship. It has not even begun to sail. It will begin sailing from Galveston at the end of December 2023. While Jewel of the Seas is a nice ship, it is a much older ship and while it has been updated, it lacks the bells & whistles that Jubilee will have.

From a food aspect, there are SO many "FREE" food options available on Jubilee while Jewel of the Seas only has a handful.

With Jubilee, if you want to book with a lower deposit, you are able to do so, if you choose to book with the current Early Saver Rate.

Currently, the reduced deposit rate is \$99.00 per person (through October 31st).

Keep in mind, this is a non-refundable deposit but going this route, you can choose from a wide variety of cabins rather than just the cabins that are held at the group level. Example, for this sailing, it won't allow me to hold Ocean View Cabins in the group however, if you book with the Early Saver Rate, we can book you into that Ocean View cabin and you will still be part of the group cruise!! The only downside of booking Early Saver Promotion is price is subject to change, unlike the group rate. However, the earlier your cabin is booked, the better the rate you will get.

Should pricing go down, if booked with Early Saver Rate, I can reprice cabin for you.

Booking Process:

So, you have chosen your sail date...what next?

Once you decide which cruise option you want to go with, I will create special Online Forms that will need to be filled out for each cabin booked.

The Client Profile Form will give me the client information needed in order to book cabins.

The Credit Card Authorization Form will provide me with the credit card information in order to apply deposit.

My forms are encrypted and 100% secure!

Once the forms are created, I will provide the links to both forms.

I will also create the group booking. Keep in mind, that within 30 days of creating the booking, we need to get cabins booked.

One of the services I provide is my clients never print any documents. Once Online check-in has been completed, I print ALL documents and mail out a cruise packet to you!!

Please note, all pricing provided is subject to change until group is created.

If you have any questions, please feel free to contact me.
